- Do not use the appliance for any other purpose than its intended use.
- The fan must not be used if the guards are not fastened according to instructions.

COMPONENTS

ASSEMBLY INSTRUCTIONS

The base of the tower fan comes in two parts, which fit around the oscillation base. Both parts fit easily together.

- First attach the front half of the base, aligning the holes in base with the screw hole in the oscillation base and lead the power cord up the base.
- Connect the back half of the base to the front half and secure with the plastic screw nut (supplied) and twist it clockwise (Figure 1).
- Plug into an appropriate power supply.

OPERATING INSTRUCTIONS

POWER : Turns the air purifier power ON/OFF.

- Press the POWER button. The device starts operating.
- Press POWER again and the device will stop working.

SPEED : Press to adjust between 3 fan speeds: low, medium, or high.

MODE : Press to choose from 4 different modes:

NORMAL Mode : Fan will blow at any speed you select.

NATURAL Mode : Fan will start cycle through the 3 speeds starting at high speed(5s), middle speed(5s) and low speed(5s)

SLEEP Mode : If you set the mode at high speed, fan will work at high speed at 30 minutes, then transfer to middle speed at 30 minutes and transfer to low speed until fan stop working.

CHILD Mode : Fan will automatically set up the timer at 3 hours and the oscillation function will start. The fan will work at high speed for 15 minutes, transfer to medium speed for 15 minutes and then transfer to low speed until the timer has reached 0.

TIMER : Press to activate the timer, each time the button is pressed the time will increase in increments of 1 hour up to a maximum of 12 hours.

OSCILLATION : Press to activate the oscillation function. Press again to stop the oscillation function.

CLEANING AND MAINTENANCE

- Always disconnect the cord from the electrical outlet when cleaning your fan.
- Light accumulated dust may be removed from the fan with a soft cloth or vacuum cleaner using the dusting brush attachment.
- Wipe the exterior surfaces of the fan occasionally with a cloth moistened (not dripping wet) with a mild soap solution. Dry the case thoroughly with a soft dry cloth before operating the fan.
- Avoid the use of gasoline, benzine, thinner etc as they may result in damage to the fan.
- Store the fan in a clean dry place when not in use.

CAUTION! Do not immerse the unit in water or allow water to drip into the interior of the fan housing as this could create a fire or electric shock hazard.

WARNING! Do not attempt to open or repair the unit yourself. Doing so could void the warranty and cause damage or personal injury

ACCESSORY

Screws for assemble the base ; Remote control , User Manual

SPECIFICATIONS:

Rated Voltage :	220-240V~50/60Hz
Power Consumption:	45W (High Setting)
Noise Level: Low:	43dB(A), High: 53dB(A)
Product Size:	31.5 X 31.5 X 96 cm
Net Weight:	3.38 kg

DISPOSAL OF THIS DEVICE

At the end of the product life cycle, you should not throw this machine into the normal household garbage but bring the product to a collection point for the recycling of electrical and electronic equipment.
